DEFINITIONS

Division Administrator is an individual appointed by the DAS Director in accordance with ORS 184.315 to administer an administrative division or staff office of DAS.

PROCEDURE

This section outlines in detail the entire procedure, how it is to be applied, how exceptions are to be remedied. The main purpose of this section is to avoid confusion by setting forth in detail what is expected in specific situations.

<u>RESPONSIBILITY</u>	<u>STEP</u>	<u>ACTION</u>
State Agency Director or DAS Division Administrator	1	Identify circumstances where an exception to statewide policy or applicable DAS internal policy is necessary to maintain or establish the efficient and effective conduct of state operations.
	2	Submit a written request for an exception to the appropriate DAS Division Administrator including, but not limited to, the name and number of the specific policy; the reason for the request; the specific circumstances requiring an exception; an explanation indicating how the exception will comply with all applicable statutes, contracts and rules.
DAS Division Administrator	3	Review request for exception and make recommendation to the DAS Director for approval or denial. Approval or denial may be based upon the following criteria or other criteria deemed to be an appropriate consideration by the Division Administrator: The exception would result in a cost savings or cost avoidance; a decrease in state/agency liability; or consistency of the proposed exception with applicable statutes and rules.
DAS Director or Deputy Director	4	Approve or deny the exception request in writing and provide a copy to the DAS Policy Coordinator.
DAS Policy Coordinator	5	Maintain files documenting policy exception requests and approvals or denials thereof.
DAS Division Administrator	6	Review statewide and DAS internal policies every two years for potential revision based on patterns of exception requests and amend as appropriate.
