

OREGON STATE HOSPITAL

POLICIES AND PROCEDURES

SECTION 8: SAFETY, SECURITY, EMERGENCY MANAGEMENT

POLICY: 8.027

SUBJECT: WEAPONS ON CAMPUS

**POINT
PERSON: SAFETY & SECURITY DIRECTOR**

**APPROVED: DOLORES MATTEUCCI
SUPERINTENDENT**

DATE: MAY 7, 2021

I. POLICY

- A. Oregon State Hospital (OSH) is committed to providing a safe worksite for staff, patients, and visitors. In addition to the provisions of this policy, OSH has adopted Department of Administrative Services policy 50-010-05, "Weapons in the Workplace".
- B. With the exception of mace or oleoresin capicum (OC), staff may not possess or use a concealed or unconcealed weapon during the course their work shift or on an OSH campus.
- C. Mace or OC self-defense spray, including less-than-lethal flashlights with mace or OC combination, must be secured away from patient-care areas in locked storage such as a desk or locker. Staff may transport self-defense spray to and from the lockable storage but may not carry it during the course of their work shift. They will be held liable for the cost of property damage, clean up, or injury to others should their self-defense spray discharge.
- D. Before entering an OSH building, law enforcement and Department of Corrections (DOC) transport officers must secure weapons in an area designated by the Security Department. Law enforcement may enter OSH with weapons during an emergency situation.
- E. DOC personnel may carry DOC-issued tasers and mace or OC self-defense spray during Forensic Evaluation Services' high-risk evaluations.
- F. This policy should be read in conjunction with the following policies: OSH Policy and Procedure 8.024, "Tools and Sharp Security;" 8.044, "Contraband and Prohibited Items;" 8.019, "Alleged Criminal Acts and Contraband;" and 8.033, "Workplace Violence Response."
- G. Staff must report a found or seen weapon on campus to Security in accordance with those same policies.

- H. This policy applies to all staff, including employees, volunteers, trainees, interns, contractors, vendors, and other state employees assigned to work at OSH. Staff who fail to comply with this policy or related procedures may be subject to disciplinary action, up to and including dismissal.
- I. OSH follows all applicable regulations, including federal and state statutes and rules; Oregon Department of Administrative Services, Shared Services, and Oregon Health Authority policies; and relevant accreditation standards. Such regulations supersede the provisions of this policy unless this policy is more restrictive.
