RESPONSIBLE PERSON/GROUP	PROCEDURES
Staff	1. To request approval to remove protected health information (PHI) from OSH grounds, complete the form, "Request to Remove Documents". 2. Submit the completed form to the supervisor. 3. If permission is obtained, send a copy of the completed form with the supervisor's signature to Health Information Manager. 4. Follow all provisions of OSH policy 2.014, "Medical Record Maintenance and Transportation" and DAS policy 107-004-100, "Transporting Information Assets." 5. Maintain control of PHI during transport. 6. Before removing PHI, complete a desk log itemizing the date and scope of the information being transported, and the patient medical record number. 7. Keep the desk log in the secure work environment, available for supervisor review. 8. Destroy the log after the medical record has been returned to OSH. 9. If PHI is lost, report the loss in accordance with regulation and Oregon Health Authority policy and related procedures.
Supervisor	1. Review request to remove PHI and respond in writing with approval or denial. 2. If needed, review the desk log.
