

OREGON STATE HOSPITAL

POLICY

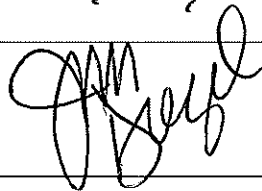

SECTION 5: Human Resources Management

POLICY: 5.028

SUBJECT: OSH Time Management

POINT PERSON: Centralized Timekeeping Office
Manager

APPROVED: Jim Diegel
Interim Superintendent

DATE: 10/15/2025

SELECT ONE: ☐ New policy

☒ Minor/technical revision of
existing policy

☐ Reaffirmation of existing policy

☐ Major revision of existing policy

I. PURPOSE AND APPLICABILITY

- A. This policy establishes standardized procedures for tracking work hours, requesting leave, and managing overtime at Oregon State Hospital (OSH). This includes, but is not limited to, the use of the Electronic Timekeeping Management System (ETMS).
- B. This policy applies to all OSH staff, regardless of classification or work location.

II. POLICY

A. Timekeeping Requirements

- 1. All staff (except Supervising Physicians, Physicians, and Nurse Practitioners) must use ETMS to record work time.
- 2. The Superintendent reserves the authority to modify this list and may require additional staff to use ETMS at their discretion at any time.
- 3. OSH staff exempt from using the ETMS must use the State of Oregon's official Human Resources/payroll system and follow all applicable state and agency policies.

B. ETMS User Responsibilities

ETMS users must:

- 1. Accurately report all time worked (see Procedures A),

2. Maintain an up-to-date work schedule, including approved flexible work schedules (see Procedures B),
3. Submit leave requests, including protected leave (see Procedures C).

C. ETMS Access and Management

1. Access is granted based on job functions and the operational needs of the organization.
2. Administrative privileges may only be used for authorized scheduling or delegated managerial functions specific to the ETMS users' work area.
3. Managers must monitor ETMS usage to ensure appropriate access and compliance.

D. Clocking Thresholds

Clocking outside of defined thresholds (see Attachment A) will be rounded accordingly.

E. Rest and Meal Breaks

- ETMS users must take two paid 15-minute rest breaks (one in each half of the shift) and at least one unpaid 30-minute meal break per full shift, following labor laws and agency policy. Meal break length may vary with manager approval.
- **Rest Breaks:** Two (2) paid 15-minute breaks should be taken during the first half of the shift, and the second during the second half. Rest breaks are considered paid time.
- **Meal Breaks:** At least one unpaid 30-minute meal break per shift, generally near the midpoint. Duration may vary with prior manager approval. The timing and duration of the meal break may vary based on operational needs and manager approval.
- Supervisors must ensure staff are scheduled and able to take all required breaks.
- Staff may not legally waive their rights to receive required rest and meal periods. Staff are not permitted to skip, shorten, lengthen, or combine breaks without prior approval from management.
- ETMS users with irregular or missed breaks should follow Procedures A.

F. Work Outside Scheduled Hours

Any work outside scheduled shifts or during unpaid meal breaks requires prior manager approval.

G. Managers Responsibilities

Managers must clearly communicate time management expectations and the appropriate use of the timekeeping systems. If staff are not meeting these expectations, Human Resources should be contacted for further guidance.

H. Overtime

1. Unless otherwise permitted under the applicable collective bargaining agreement(s), staff must follow Procedures D for submitting overtime (OT) requests.
 - Use Attachment B (Overtime Request Form) as required.
 - Unexpected OT over 30 minutes must be submitted within two business days
2. Regularly scheduled on-call work is not considered overtime for this policy.
3. Mandatory overtime shall be administered in accordance with applicable union collective bargaining agreements, relevant staffing laws, and established mandatory overtime procedures.
4. Compensation for hours worked beyond an employee's agreed-upon daily schedule or full-time equivalent (FTE) status shall be provided in accordance with applicable collective bargaining agreements, agency compensation policies, and relevant local, state, and federal laws or regulations.
5. Flexing of Work Schedules must follow:
 - Weekly flexing: Procedures B
 - Monthly Flex: Procedures E.

I. Time Sheet Corrections

1. Timesheet corrections must be approved by individuals with signature authority as designated in **OSH Policy 1.016 – OSH Delegation of Authority**.
2. Approved timesheet corrections may need to be processed outside of the ETMS system. Contact the Centralized Timekeeping Office to initiate or inquire about timesheet correction procedures.
3. Timesheet corrections resulting from failure to meet established OSH ETMS user or Manager deadlines may result in coaching and may lead to disciplinary action.

J. Training and Support

- All new users will receive standardized training on the ETMS system.
- Remedial training may be provided as required based on usage concerns.
- Additional educational resources and user support materials related to ETMS are available through the Centralized Timekeeping Office.

K. Unauthorized Leave Without Pay (LU)

1. Leave that has not been approved by the staff's immediate supervisor or designee will be designated as unauthorized leave without pay (LU). Unauthorized leave without pay may be a result of:
 - i. Exhausted leave accruals,
 - ii. Failure to work the full shift or agreed-upon scheduled hours,
 - iii. Failure to submit a timely request for the use of leave accruals.
2. Each instance of unauthorized leave without pay will be reviewed by management and may involve consultation with Human Resources to determine appropriate follow-up or corrective action.

L. Prohibited ETMS Use

Inappropriate use of the ETMS is strictly prohibited and may result in corrective action in accordance with OSH policy and applicable collective bargaining agreements. Examples of inappropriate use include, but are not limited to:

1. Tampering with ETMS hardware/software;
2. Entering or altering ETMS data for another ETMS user without explicit authorization (e.g., adding missed clockings or submitting leave requests);
3. Reporting work time that was not actually worked;
4. Interfering with another ETMS user's ability to access or use the ETMS;
5. Using another ETMS user's badge to badge in for that ETMS user;
6. Using the ETMS for purposes unrelated to assigned job duties or business needs.

M. Deadline Compliance

Failure to meet OSH ETMS user or manager deadlines may result in corrective action.

N. Policy Compliance

Oregon State Hospital (OSH) follows all applicable regulations, including federal and state statutes and rules; Oregon Department of Administrative Services (DAS), Shared Services, and Oregon Health Authority (OHA) policies; and relevant accreditation standards. Such regulations supersede the provisions of this policy unless this policy is more restrictive.

O. Corrective Action

Failure to comply with this policy or related policy attachments or protocols may be subject to disciplinary action.

III. DEFINITIONS

IV. PROCEDURES

- Procedures A ETMS: Roles and Responsibilities
- Procedures B ETMS: Work Schedules
- Procedures C ETMS: Leave
- Procedures D Overtime, Straight Time, Comp Time Request Process
- Procedures E ETMS Manager Monthly Flex

V. ATTACHMENTS

- Attachment A ETMS Clocking Thresholds and Rounding
- Attachment B Overtime Request Form
- Attachment C LU Review Map
