

OREGON STATE HOSPITAL

POLICY

SECTION 9: Training and Development **POLICY: 9.010**

SUBJECT: Interns

POINT PERSON: COO/CFO

APPROVED: Sara Walker, MD  **DATE: JULY 25, 2024**
Interim Superintendent

SELECT ONE: ☐ New policy ☐ Minor/technical revision of existing policy
☒ Reaffirmation of existing policy ☐ Major revision of existing policy

I. PURPOSE AND APPLICABILITY

- A. Oregon State Hospital (OSH) may provide internship experiences for interns in various disciplines with the goal to provide interns with education and practical experience relevant to their field of study. Internships at OSH must be appropriately planned, supervised, and evaluated. This policy is intended to protect the interests and rights of patients, and the fiscal, operational, and liability interests of OSH and the Oregon Health Authority (OHA).
- B. This policy applies to all staff at OSH.

II. POLICY

- A. Before OSH may accept an intern, OSH and the intern's school must develop a written affiliation agreement. The agreement must include a plan for the internship, expectations of OSH supervision, and the OSH evaluation processes.
1. The written plan must be submitted for review to both the school and a member of the OSH Superintendent's Cabinet.
 2. An affiliation agreement must be approved by the Cabinet member and the school before an internship can start.
- B. All interns must follow the established OSH volunteer application process to become approved volunteers in accordance with OSH Policy and Procedure 5.018, "Volunteers." An intern may not begin their internship until approved by the Director of Volunteer Services as directed in that policy.

- C. Potential interns must be interviewed by the program manager or department manager or their designee to determine whether the student is a suitable candidate for internship.
- D. Interns must participate in orientation as determined by the Education and Development Department.
- F. Interns may receive meals at OSH if criteria in OSH Policy and Procedure 4.006, "Meal Service for HCP and Others" apply.
- G. If the preceptor deems the internship opportunity warrants a stipend, a request must be made to a Superintendent's Cabinet member for approval. Stipends are not guaranteed for the duration of an internship period and are dependent on the status of the OSH budget.
 - 1. Stipends may not be higher than step one of the classification "Student Professional/Technical Worker" (Class 0150; Salary Range 11) unless approved by a Superintendent's Cabinet member.
 - 2. Following approval, the preceptor must submit a standard purchase request form for the stipend each month to the appropriate member of the Superintendent's Cabinet.
 - 3. Once signed by the Superintendent's Cabinet member, the purchase request must go through the standard OSH approval process for payment. Once the purchase request is approved, a check will be issued to the intern.
- H. Interns must report hours to Volunteer Services.
- I. Volunteer Services will maintain files of all intern applications.
 - 1. The preceptor must send copies of the registration packet to Volunteer Services.
 - 2. At least annually the Director of Volunteer Services must review all intern files to verify files are current and complete. The appropriate preceptor must be notified for necessary updates.
- J. Interns must abide by all applicable OSH policies, procedures, protocols, and established processes. Failure to do so may result in early dismissal from the internship, termination of the internship agreement, or other necessary actions.
- K. Oregon State Hospital (OSH) follows all applicable regulations, including federal and state statutes and rules; Oregon Department of Administrative Services (DAS), Shared Services, and Oregon Health Authority (OHA) policies; and relevant accreditation standards. Such regulations supersede the provisions of this policy unless this policy is more restrictive.
- L. Staff who fail to comply with this policy or related policy attachments or protocols may be subject to disciplinary action, up to and including dismissal.

III. DEFINITIONS

- A. "Intern" for the purposes of this policy means an individual providing paid or unpaid program services to complete a credentialed or accredited educational program recognized by the State of Oregon and meets criteria established by the Bureau of Labor and Industries in Oregon Administrative Rule 839-005-0000. In this policy, the term "intern" will refer to both interns and students.
- B. "Preceptor" means a person who is responsible for supervising and guiding the student or intern and serves as a liaison between OSH and the college, university, or technical or vocational school.
- C. "School" in this policy means a college, university, or vocational/technical school.
- D. "Staff" includes employees, volunteers, trainees, interns, contractors, vendors, and other state employees assigned to work at Oregon State Hospital (OSH).
- E. "Stipend" represents a payment that is made to an intern to compensate the intern for service provided to OSH.
